“ In Memory of Ted George Baxter\r\nA good man with a kind spirit and a pure heart. A loyal loving father and a person dedicated to nurturing others through inspiration, writing, and exemplifying a strong work ethic. You did it dad, you made a difference in this world. Your greatest accomplishments were not through your educational degrees and professional work endeavors (although many), but through the people you touched. You taught me so much. We will always love you. Your legacy is continued through your grandsons, Tanner and Trevor, as they have learned from your example and continue to give back and make a difference in the world. The best legacy indeed.\r\nIn our hearts forever.\r\nChristine, Tanner, and Trevor

“ Our condolences to Chris, Aunt Beth and mom on the passing of Uncle Teddy (as we affectionately called him).  
I will always have fond memories of his warmth and gentle spirit. We felt his love from 3,000 miles away as we went through our own struggles, never really knowing or thinking he was going through his own.  
Whatever reality challenges he faced, through possibly 10-20 years of evolving dementia before diagnosis (which the medical community has discovered), is toughest on those who loved him.  
I will always feel pride and respect for his accomplishments as part of our nations space program. (I found the picture on Legacy so very applicable.)  
I loved that one of his earlier passions was mountain climbing. It says alot about him. He is now on his final journey, up the mountain, to be with our Lord .  
I love you Uncle Teddy  
I look forward to reading his obituary, with much emotion for the man, a single son, a father, a husband and a brother. None of us are perfect in life.  
With love,  
Dawn, Pat, Joe & Sugar
